GINGERBREAD Celebration

greytownvillage.com

KIA ORA KOUTOU AND SEASONAL GREETINGS TO ALL

All Kiwis are proud of our southern hemisphere December Christmastime traditions; our beach visits, pavlovas and BBQs are part of our culture and identity. None of that stops us from taking the essence of how our northern hemisphere whānau celebrate their own festive season during winter time and recreating it here in Aotearoa to bring our families and communities together. Because that's what our Greytown Festival of Christmas is all about. Social togetherness, during a time of year when most of us stay inside and watch TV.

Our third year of Greytown's Festival, conceived shortly after the first lockdown in 2020, is designed to create family joy and happiness once again. The 2022 Gingerbread theme will come alive in creative ways at many of our businesses in Main Street and through our world-class light shows on our historic buildings. If you are a local, come out and celebrate the innovation and creativity of the town you're proud to call home. If you are a visitor, welcome, and thank you for being part of our event. Your attendance helps Greytown thrive and succeed when many odds are stacked against the survival of small country towns.

Finally, I'd like to thank the incredible team of local geniuses that create the Festival each year. This is a very "Made in Greytown" project and wherever possible, we use the local talent we are blessed with. And none of it could happen without the support, energy and investment that Greytown's businesses and our wonderful sponsors provide. In this case, and I know it's corny, but teamwork really does make the dream work.

Enjoy the 2022 Festival of Christmas and have an extra Gingerbread Cookie to celebrate!
